STANDARDS MATERIAL SERVICE

Playground Canada innovates and offers several new features. Revolutionary playground design parts and advanced materials,

Our owners and workers followed and successfully completed the certification given by the Institut Québécois de la Sécurité dans les Aires de Jeux (IQSAJ).

In addition, we offer our customers an annual inspection program to increase the long-term security.

The materials used in our playgrounds are high quality. Plastic components are made of rotationally molded polyethylene. All decks are fully covered with a non-slip rubber.

The steel components are galvanized and the hardware is heavy-duty / anti-theft.
